2.4 Risk Disclosure

Investors must realize that all investments in mutual Funds and securities are subject to market risks. Our target return / dividend range cannot be guaranteed and it should be clearly understood that the portfolio of the Fund is subject to market price fluctuations and other risks inherent in all such investments. The risks emanate from various factors that include, but are not limited to:

(1) Government Regulation Risk - Government policies or regulations are more prevalent in some securities and financial instruments than in others. Funds that invest in such securities may be affected due to change in these regulations or policies, which directly or indirectly affect the structure of the security and/or in extreme cases a governmental or court order could restrain payment of capital, principal or income.

(2) Credit Risk - Credit Risk comprises Default Risk and Credit Spread Risk. Each can have negative impact on the value of the income and money market instruments including Sukuks etc:

- ***Default Risk*** - The risk that the issuer of the security will not be able to pay the obligation, either on time or at all;
- ***Credit Spread Risk*** - The risk that there may be an increase in the difference between the return/markup rate of any issuer's security and the return/markup rate of a risk-free security. The difference between this return/mark up rates is called a "credit spread". Credit spreads are based on macroeconomic events in the domestic or global financial markets. An increase in credit spread will decrease the value of income and money market instruments;

(3) Price Risk - The price risk is defined as when the value of the Fund, due to its holdings in such securities rises and falls as a result of change in interest rates, and subsequently the price of the securities.

(4) Liquidity Risk – Liquidity risk is the possibility of deterioration in the price of a security in the Fund when it is offered for sale in the secondary market due to insufficient demand.

(5) Settlement Risk – At times, the Fund may encounter settlement risk in purchasing / investing and maturing / selling its investments which may affect the Fund's performance etc.

(6) Reinvestment Rate Risk –In a declining interest/ markup rate economic environment, there is a risk that maturing securities or coupon payments will be reinvested at lower rates, which shall reduce the return of the Fund compared to return earned in the preceding quarters.

(7) Events Risk - There may be adjustments to the performance of the Fund due to events including but not limited to, natural calamities, market disruptions, mergers, nationalization, insolvency and changes in tax law.

(8) Redemption Risk - There may be special circumstances in which the redemption of Units may be suspended or the redemption payment may not occur within six working days of receiving a request for redemption from the investor.

(9) Distribution Taxation Risk – Dividend distribution or Return of Capital to investors is liable to tax as per Income Tax Ordinance 2001. The distributions are uniform across all units; therefore, Unit Holders who invest in a fund before distribution of dividends may be liable to pay tax even though they may not have earned any gain on their investment.

2.4.1 There may be times when a portion of the investment portfolio of the Scheme is not compliant either with the investment policy or the minimum investment criteria of the assigned 'category'. This non-compliance may be due to various reasons including, adverse market conditions, liquidity constraints or investment – specific issues. Investors are advised to study the latest Fund Manager Report, specially portfolio composition and Financial Statements of the Scheme, to determine what percentage of the assets of the Scheme, if any, is not in compliance with the minimum investment criteria of the assigned category. The latest monthly Fund Manager Report as per the format prescribed by Mutual Funds Association of Pakistan (MUFAP) and financial statements of the Scheme are available on the website of the Management Company and can be obtained .by calling / writing to the Management Company .
